Capt. J. G. Mills
Huntington,

Capt.

St. L. Lane acting temporarily
as agent of the Sugar Cotton Office at ~~Chicago~~ ^{Albany} has
given out receipts for Cotton delivered under the
McKinney Contract perfectly divided and
substantiated to meet the wishes of parties interested
and it is not clear to me how settlements are to be
made. - But this I desire to assure you of that
you may take up St. Lane's receipts with
full confidence and ~~assurance~~ he will account
to you by sending you my receipts for the
entire quantity delivered to him or if necessary
I will take up his receipts by giving my
receipts to you. - I prefer however to give my
receipts to him and let him balance his packing
account with you thereby. -

But be the form what they may please accept
St. Lane's receipts and settle with the holders
as they have done their duty certainly and since
I have faithfully performed his so far as his
means of information would allow. - He had to act
entirely in the dark. -

San Antonio City 10 Sept 1864

Sir

Last a large quantity of Cotton is being received here shipped by Thos J. McKinnis. The Cotton is consigned direct to H. M. Perkins & the Vendors are to receive payment in New York @ 20¢ per pound. In accordance with this contract I gave McKinnis & Russell two Certificates on the 1st of the aggregate 32281 lbs - & to day have given two Certificates amounting to 22885 lbs.

I divided this lot up to suit the various interests by request of Mr. Wardlaw the Vendor & Captain Wells wrote Mr. Perkins some time since to advise McKinnis all he could in carrying out his contracts & as these men by advice of Col. Bradwell will present their claims at San Antonio. May I ask you to facilitate them in getting paid in old paper @ 37 1/2¢ if there is no ^{new} paper on hand. If these receipts are not in form, take them up & either I or Mr. Perkins will give proper ones on being informed. I have made them out so as to connect the transactions all through -

Sincerely Respectfully

J. C. Linschell

Sir I had hoped
to have had from Mr W. D. Fack the Agent
of Wharton County the copy of
a letter of instruction from you to
him in answer to enquiry about Permits
covering Cotton from that County where the
permits were not obtained by turning over
one half of the Cotton. He informs me
that his instruction from you was that one
permit with your signature or Maj. Wilkin
of an Abolition would cover the Cotton.
I would respectfully draw your attention
(if Mr Fack is not mistaken about his instruction) to
my understanding of the contract of King & Co
with Col Bradwell in which they were to have
one half of all the Cotton in that County. If
this is so my friends are now and have lost
their interest in over 300 bales moved out under
other Permits than those obtained by turning
over one half on the spot. Since the contract
was made - Please let me hear from you at
an early date - and oblige, your truly

 in my possession. There is a mistake in his name -
 it is made out to H. H. Williams when it should
 be R. H. Williams. I beg you would cover please duplicate

Received from
J. S. Ables on the Henderson
order 8 Bbs weighing 353 lbs.

It is in bad order and there
will be a lot of 5 or 6 Bbs
in the lot. It must be
repacked and request to

Encloses his ac-

Bustementa &

of the quality of cotton they
receive, and only want
high grades.

Capt C. B. Wells Agent,

Dear Sir,

is acc^t with BtR & account & exemption
for J. S. Perkins.

Yours & friend

I sent you a
Certificate or Receipt for 20 Bales cotton
(9,300 lbs) for which I have not rec^d any
account or exemption for. It was for
Samuel Childers, he is on his way
with teams & expected me to send
his exemption to Maj. Willie
by the time he arrived with his
Wagons. I fear he will have
some trouble unless he gets his
exemption paper —

I have rec^d eight Bales (95-33 lbs)
from J. S. Ables for J. S. Herdon
It was all to repack & there will
be a lot of at least five or six
Bales so badly seam^d that it is
worthless. Ables would have
repaired it before this but I did not
have the BtR. I will send a Receipt
for all when it is got ready.
How will I pay Ables for repairing
it? I have nothing but the cotton
to pay him with. I clipped the S. B.
Rec^t as Midding.

Restamanta is
here & refuses positively to let the Planter
have BtR, his Contract was that he was
only to furnish for the cotton that he
got. Can you send me any?
or who must I apply to for it?

Enclosed please find my ap against
 C. S. Govt, made out at the prices
 named. If I have to pay Mr. Ferguson
 House Rent out of it - & all other
 expenses my share will be small
 indeed. But I don't complain
 I know & have full confidence
 in you to do the best you can
 for me. If I can, only be of some
 service in furthering the great ends
 our poor Country has in view
 & we can have an honorable peace
 I shall be satisfied if I don't have
 a dime when the war terminates
 I only ask to share as others do.

Bustamente & Edmunds are getting very
 particular about the quality of
 cotton, and wanting to receive any
 thing below Low Midd, in which
 I think they are wrong - The high
 price of cotton lately has run some
 planters crazy & some lately have
 refused to sell & others are running
 it out of my list. I have written
 to Maj. Tens giving their names &c
 & he wants me to intercede for him
 this is not my business I think, & then
 he continues to refer me to the
 Enrolling Officers & they claim
 & correctly too that they have no order
 to act in that matter. So I suppose
 it will all end in smoke & no cotton
 be impeded. If so the good men of
 the Camp who have sold Govt, will
 never do it again, for they will always think
 that the object is to scare them only. Very truly yours
 J. P. Cunningham

Sir! - I have Mr. Vickers
draft for transportation, made at my request
at 2^d for the 100 miles for 40 trains, which he has
noted for your observation, I was induced to
to do this for the reason you told me if I am
not mistaken the difference between of our
mule trains was made principally with a view
to transportation West, I offered Mr. Coatham
this transportation, he refused it - on the
grounds it was too much scattered, so I
concluded rather than let the cotton remain
exposed I would haul it, but I went of made
more hauling for private parties or even
hauling salt,

Please inform me if you will
pay the draft at that rate and if so when,
Cotton operations is at a stand, parties who
have said they won't deliver, for the reason
it has been reported here Major Genl. Smith
had issued an order changing the plan
of procuring cotton and placing the whole under
the Treasury Department. I have never seen
this order, it also said that the exemptions
granted by the Bureau will not be respected
after the first day of February next.
You will confer a favor by informing me of the

Capt. C. E. Smith. And the

Honorable Sec. Defr.

I have just finished my first canvas of Trinity Co. I succeeded in closing contracts for but a very small amount of cotton. I ascertained the amt held by parties in the Co. but most of them were absent from home and I could not see them. I will make an other tour of the Co. in a few days, and will either purchase or report before the delinquent parties. I saw Messrs. J. M. Smith & Co. Sumpter. They report on hand 380 Bks. have permission to visit Wm. to ascertain whether it would be better interest to sell one half to Govt. or permit its improvement; before making any report, as no time will be lost I gave them the privilege desired. I think they will surrender one half. I have been able to trace up about 45 Bks only belonging to D. Straus (who is dec?). It is in small lots, the real ownership is a mystery. It has been claimed at different times by D. Straus, Bargh, Polines & Co. Dr. Johnson & W. R. Leonard. Dr. Johnson of Sumpter, who has ^{possession} of the larger portion, though denying its ownership, refuses to turn it over to me, alleging however that he will have it except through Messrs. Baldwin Riggs & Co. Liberty. I fear it will never be improved. I have thought it comes perhaps be best not to report any for improvement (unless there is danger of its removal) until the whole amt in the County is ascertained so that one visit of the ^{improving} ~~improving~~ officers will be sufficient. I think most of it will be turned over without improvement.

From what I can learn Govt will acquire about 500 Bks in the County -

W. H. Farley of this Co. (whose P.O. is Sumpter or Moscow either) has on hand 24 Bks. which he says he has sold wood & corn. Please communicate with them on the subject. The Cotton I understand is baled ready for delivery

I enclose you report for ^{last} this week, Tomorrow I start out again & will make a more favorable report for this week.

Notice the pencil memo in the back of Bureau Contract Plot

we know how I am to get teams to haul the Cotton from
house to gin - a distance of 7 miles. Mr. Dean would
turn the Cotton over any other way - having no team of his
own to haul it to the gin. I acquiesced, knowing that if it was
imposed the Govt would have the hauling to do any how.

Very respectfully

Let me know the amt bagging & rope

you allow for each bale Cotton & whether you deduct or allow

the weight of same in weighing the Cotton when delivered

Also suppose Mr. D. has say 20 Bales in seed. He is willing to let me
have it if I will furnish rope & baling to put up the entire 20 Bales.
He will pay the Customary price for the rope & baling used on the
last 10 Bales out of the Cotton it covers, for the rope & baling
used in covering his own 10 bales he will pay out of his
own 10 Bales Cotton, with Cotton at 1st schedule price, & what
is your disposition in such cases if you have the
rope & baling to spare you would be more certain to secure
for the entire Cotton in this way. I shall need rope & baling
to put up at least 300 bales. Please send me what you can

Captain -

I am directed by Col. Broadwell to enclose several copies of the Amended Regulations, with Judge Gray's instructions, by which you will see that all permits issued by Majr Willie, prior to the 1st of February next, will be respected, and carried out in good faith, thus enabling the Old Concern, to acquire a sufficiency of Cotton to comply with all our engagements, - Judge Gray fully realizes the necessity of a compliance with all previous obligations, and in addition to the privilege above mentioned, he said he would authorize us to move the telle cotton in certain localities, and ship it thru Mr Perkins to Liverpool, and that for any deficit, after exhausting our resources, he would draw against the proceeds of this cotton, - in a word he will render us every assistance in his power. - The Judge also stated to Col Broadwell, in my presence, that no permit would issue for the transportation or exportation of Cotton west of the San Antonio River, unless one half the loading was on account of the Government, and that the party desiring to export, would be required to sell to the Government one half his Cotton, and haul it to the Rio Grande at the usual rate, or his train would be stopped at Goliad or San Antonio, thus compelling the holder of Cotton not only to sell one half, but to execute a bond, obtain clearances etc for the other, I am glad the Judge has placed this construction upon the President's Regulations, it is in my opinion legitimate & proper, and is the only way by which he can acquire Cotton, without the payment of sterling or specie, which would be disastrous to the country, and create a dangerous feeling throughout the entire state, I am also gratified.

because it makes the Cotton Bureau, a popular institution on our terms, being so much more favorable to the public, and with proper energy upon the part of local Agents, will enable us to acquire a much larger quantity of Cotton, than we otherwise could.

This is the last opportunity afforded holders of Cotton to obtain exportation permits, without conforming to the President's Regulations, and in my opinion a knowledge of this fact will induce them to sell us one half, and obtain the permit before the first of February. If you concur with me in opinion I respectfully suggest that your District & local Agents be instructed accordingly.

Genl Smith was absent on our arrival, but returned this morning, neither Col Purdwell or myself have seen him. I will return to San Antonio in a few days and continue in charge of transportation until our old business is closed up.

Dear Sir

I have your favor of the 17th Inst. contents duly noted. The Corroding Officer was absent or I should have sent him this Certificate of descriptive list of Bag "Lyle". His name appears the first on the roll sent to W^m 2^d. The Bagging and Rope as per statement sent me I presume is correct as to quantity except the two first items. I called with the 1st Bureau for the 2^d Rules Bagging 720 yds and 9 kinds Rope 606 pounds sent me is correct except ¹⁴⁰ 149 yds Bagging and 347 pounds Rope which I sent you a statement of. The Rope 6 July 1001 pounds full sheet some 420 lbs which Mr. Loomis said Mr. Root received credit by credit. Please Corroder, I regret the present working system of the Bureau should again be interrupted as its efficiency cannot be well improved upon. The Planters in general are satisfied but as we have had a short crop a few influential spirits have caused the evil when they by the proposed law they will feel the injustice to you.

Of 18th Inst With enclosures as stated. In delivery believe your suggestion is correct but what I wished

to know was, Mr Kleiber requires his Cotton delivered
at the Rail Road. Mr Currie will receive his at
the Plantation. Shall I deliver to Mr Kleiber the Cotton as
it is hauled in by Planters and deliver to Mr Currie
such Cotton as the Bureau would have to pay for hauling
or shall I deliver Kleiber first at the expense of the Bureau.
Enclosed find Certificate. So as in favor of A. H. & C.
Bureau for Bates Cotton. Please make his papers to him
at Safford Point. I also enclose A. Maythams receipt
for Bagging & Rope. In P. Rogers Certificate of 9 Bales
from Bates) you charged him with 99 yds Bagging & 108 pounds
Rope this was wrong as I now have to give him 110
lb which otherwise would have been saved. The
same on 12 Bales to J. H. Anderson. Please omit in future
unless stated in receipt. If possible send me Rope
for 1000 yds Bagging —

Please send me an exemption for 10 Bales
Cotton. I wish to get the papers from May Miller by
the time I can get in 10 Bales from some lot of Cotton.

This paper is so queer I can

scarcely write out it. I get it
from you.

Cop C G Wells Dear Sir Enclosed you will find
H B Colson's order for (7) Nine Bags of Cotton to
be delivered at San Antonio - Also E M Wilder's
order for (25) Twenty five Bags to be delivered at
the same place Cop Long had made con-
tracts for the delivery of this Cotton at San
Antonio - & hence I could not follow your
instructions in these two lots by shipping to
Mexico - -

I do not believe I can ship
any more Cotton through to Brownsville on
account of the closeness of the season. Please
instruct me what I shall do with the
small lot on hand & what I may be able
to purchase

Is it true that Cotton arriving
at San Antonio unexempted will be impressed
If the burden cannot be made to bear eq-
ually on all parties I will have nothing more
to do in the business - Our Planters are as
patriotic as any - but it's not in human na-
ture for one man to be satisfied if his neigh-
bor has privileges denied to him - In this case
the Agency will be concerned - I have been
doing business in this Co some twelve years and
flatter myself I have established some character
for fair dealing & do not wish that reputation
sacrificed now - Our people will stand almost
any demand of the Gov - if all are alike

Some of our County men have just returned
from San Antonio & report that exempted Cotton
will bring, for a few cts per lb more than ex-
empted cotton - Our Planters don't understand

200
2003
This & are not satisfied - We cannot purchase
Cotton as you know without the cooperation
of the Planters for though you may impress
Cotton when packed it would be an up hill
business to make them gather Gin & Pack
their cotton - All the Cotton we purchase
is in seed & we have to wait for them to
Gin & Pack after we furnish Bagging & Rope
I do hope the regulations may not only
be an all alike but enforced

A few days ago I learned that some
Cotton was about to be received from Dr Polk's
Plantation I immediately went to see about
it & found it already on the road & the
Oversee told me that Dr Polk then in San Antonio
wrote him that he had purchased exemption
for thirty Bags & to send them out making them
weigh as heavy as possible - The exemption cost
about 30 per Bag If this operation succeeds others
will do the same - Speculators are offering
an Planters good prices for Cotton & furnish
Bagging & Rope at five dollars per Bag

I find everything out of joint, here, on my arrival - Every one that has Cotton, un-
-empted, is anxious to sell it, as such, and those,
even with whom I have Contracts, are becom-
-ing "demoralized" for the want of Bagging & Rope,
and are selling out as fast as they can.

There is a Mexican buyer here who is pay-
-ing about two thirds as much for unempt-
Cotton, as for that emptied - Says he has
Permits - Where do they come from? ^{how are they obtained?} and how
is it they are so cheap? I have been swindled
again receiving Cotton on the Plantation - this time
by, my old friend, Dr. Pettus - I hope it may
be unintentional, and that he will make up the
deficiency, when I see him - The Cotton ~~was~~ weighed
by Col Vail, (an old Cotton Merchant,) whom I had
requested to do so, in my absence, and I am certain
he is not to blame - I shall see the Dr. tomorrow
on the subject - Has Shropshire played out or does
he still continue to impress? No more Cotton
can be obtained without his assistance

Dear Sir

Enclosed please find receipts from Dr. John Rogers & Mrs. Aldridge for baling & rope. I will send you receipts as fast as I get them. You ought to contract for all the cotton I can which you may not assume I'll do. I have about 160 bales bought now & expect to buy more, though it is difficult to buy now as I have no baling & rope. Edmunds & Burdette furnished me some baling rope for Burdison Co. & will let me have more. I suppose it is agreeable to get it from them. They let the Govt. have it at cost delivered.

I will keep an acct. of the acct. & send you and send me baling & rope soon as you can as I am afraid I'll lose some of this cotton I've purchased. Some complain & say they won't wait any longer. Do the best you can with my acct. & oblige

Very Truly

D. C. Newmyer

P.S. I have cotton ready to ship & no transportation. If it can't be got off soon I had better get it stored under shelter hadn't I?

I am in receipt of your letter 18th inst by Mr E B. Little, and its contents shall have attention - I am also in receipt of your communication of 19th inst with exemption and certified account for 12 bales of cotton which has been delivered to him

Enclosed please find B/E R F Harris for Twenty bales cotton to be delivered to Capt. Tomichell at San Antonio. This is half of Contract C. with R F Harris, with whom R M Jones is connected and whose application for exemption is all right - Mr Little is negotiating for an agent here. Mr Little's receipt for cotton turned over to King & Co. and this with the instructions to forward all cotton for them by Rail Road to you for storage & deliver me from some embarrassments - I am informed by Mr Wm J. Hall agt for Mess King & Co. that Waggon & Horse will be sent to Bellville for this agency - Bellville is a very inconvenient place, and in it hardly but little cotton is planted. The agent and the B & R. should both be here, and I will thank you to suggest as much, inasmuch as transportation by teams to leave out the item of expense is hard to obtain here, and making Bellville the Depot for B/E. will attend any efforts in obtaining cotton

Sir. On last Saturday

I wrote you enclosing my Rec^d. for 19. B^{al}
on a/c of Mrs. J. Caruthers. requesting you
to forward the Exemption &c. to me at this
place. This morning I received a letter from
Mr. Caruthers, who is now in Victoria Co.
requesting me to send the Exemption to
Mr. John St. Leger, Asst. of L. Bureau at
Victoria Victoria Co. Should you receive
this in time please, forward the Exemp-
tion as above, and send the Cer. a/c to
me to deliver to Col. Rawls, Mr. Caruthers
agent at this place. This 19. B^{al} was shipped
last Friday to Navasota by Mr. Eastman
Train.

Your favors of 18th & 10th insto. came
to hand by this morning's mail, (Some how the
mails are very irregular between Houston &
this point as well as elsewhere.) Mr. Cox's train
will go over in a day or two, & report to Mr.
Miller for loading. He has transportation suf-
ficient to bring the 80 Bales at once.

The B. & W. Exemption & cer. a/c, 150 Bales

received. I wrote you yesterday in reference to Mr. Walker's request that he be allowed for on this cotton from his pocket, to which he seems to think he is justly entitled. The Deans have gone up after it.

The 10 Bales Smith & Walker's lot shipped to Mr. Veder last week, is in bad order. Mr. Walker says they (S & W.) are not responsible for this, as the Bagging furnished them was rotten, of which he informed you at the time. I do not know anything about this, of course. Mr. W. is making up a statement to send you, of the amt. of cotton shipped by S. & Walker, with dates &c, at my request, that the discrepancy existing between gr. asc of "Cotton received", & their asc of cotton now due you may be explained.

I received by last mail from Marshall, a Circular from Judge Gray containing the "Amended Regulations", & Judge Gray's "Explanatory Instructions". It has been vehemently asserted here by some parties that orders had been issued prohibiting the granting of any more "Permits", but I suppose Judge Gray's Instructions, will quiet these noisy Bodies for a while at least. They are "speculators" to a man.

Very respectfully

De Mr. G.B. Wells

D. Sir,

Yours of the 10th inst. is to hand.
In reply I have to state, that in regard to Col
Cleveland's cotton, I have done all in my power to please
him, and secure his exemption at early moment. I have
gone to Woodville twice to receive it, traveling 80 miles
to receive it, but could find no one who knew any
thing about it, Mr. Bundy being absent. I will receive
the 20 Bales as soon as I am notified that it is ready
for delivery, and forward to the Col. his papers
so that he can get his exemption. but he or someone
must get it ready for delivery, as I am unwilling
to give my certificate until I get possession of
the cotton - for if I should do so, no one would be
interested in ever getting it ready. My waggon
are doing nothing, for want of cotton being
ready - Is it safe to visit your city now?
What are exemptions worth? What is the price of
unexempted cotton?
Yours very truly
J. P. Robinson Agt.

You have my thanks.

I wish the would lecture some of the Com^o agents
in your district. Cotton arrives here daily from the
Brazil & vicinity, in charge of men who state that
Mr. Com^o, Mr. McClaughlin, Mr. Johnson, or some
other agent, had received the Gov^o of S. D. & promised to
have your exemption at San Antonio to meet the cotton
tax but has not come. Although they do not blame
you or myself, they consider themselves badly treated by
the S. D. agent, and beg me my best to spare penitence
in advance
which is very annoying.

Lt Col W. A. Broadwell

Chief Cotton Bureau Dept. of War

San Antonio

Col

Ma'am

inquiring amount of Cotton in this County
has come to hand and contents respect-
fully noted. I have been ordered to
report for duty in the field and have
^{been} home only an furlough. Subsequently
I have received orders from Department
Head Quarters to report for duty to
Capt H. S. Wells acting Chief of Cotton
Bureau. Since I was ordered to the
field I have made no new contracts
for the Government but was completing
unfinished business. Consequently nothing
has been done recently in this County.
There ^{are} about four hundred bales of
Cotton in this County now housed.
Allowing the Government to get one
half there will be about two hundred
more bales. The planters are not yet
done gathering in crop. This estimate
may be far short. Many persons with
permits have been purchasing Cotton
and I am unable to say what amount
I will be able to get for the Gov.
Since the commencement of the war there
has been six or eight fire houses burnt
in this County. Most planters are unable

now to supply themselves with the proper machinery and the few gins now in the country will be some time in preparing the Cotton for market. I will use all diligence in getting a fair estimate of the Cotton and will promptly report to you in due season. I am fearful that much difficulty will yet be experienced in the Department for want of a proper supply of Cotton and if the Governor should commandably delay until the planting of another crop before harsh measures are resorted to, it might be highly beneficial to the interest of the Department. Many planters are threatening not to plant another acre of Cotton so long as the war continues. These suggestions are most respectfully submitted -

I am Sir

Sir

Allow an old Soldier to
trouble you for one moment, for a detail to stand
or at least your advice on that matter

Capt I am a member of the 4th Texas Regt which
is in Virginia. Or in other words Hood's old Brigade
I served three years with Hood and participated
in fourteen general engagements and have been wounded
four times the last time I was injured in my spine
I have been at home for several months with my family
and I am not able to serve as infantry anymore

Capt I also have four mules & teams which I am
willing to put in and take a forty bale detail
my mules are just returning from Brownsville with
loads from Capt Lynch for the government

I carried out cotton for Ballding & Woolston But
my papers are not sufficient and I hope you will
ask me in getting them right - It has helped me
or give me your advice - I hope you will let me hear
from you by the first mail as I will be in suspense

Except I do not know the steps to take to get
this thing fixed up I do not know the proper man
to apply to without you and the aid

If you cannot furnish
me with a detail I only request you to tell me
how I must go at it

Please let me hear from you
by the next mail

I remain yours

no difficulty from any such

Sir

Yours of 21st inst came duly to hand as also box for Express, your kindness being appreciated. Enclosed please find \$10. the amt advanced. I wish some information in relation to the Disposal of the one half of our Cotton stored at Hall's Bluff on the Trinity River.

Our Agent Col. J. M. Hall informed us in July last that a Maj Roundtree had purchased the one half of our Cotton at Hall's Bluff and that he would receive the account of Sales from the Cotton Office at Houston, as also Certificates of Disposition for the remainder of our Cotton. We have repeatedly written Maj Hall for further information in relation to the Cotton purchased by Maj Roundtree but do not get any information. We still refer us to the Cotton Office at Houston. We see by your advertisement in the paper that Cotton matters must be attended to at once & as we are ill able to sustain so heavy a loss we would therefore be under many obligations if you would give us such information as you may possess in the matter.

Dear Sir

I have your Circular of the 18th Inst and for the
satisfaction of the Gov^t and his needy Soldiers repeat the
necessity of the same. The next programme must be a failure
as all large planters will store their cotton and small ones will
not supply a like of what will be required.

Of 24th Inst with enclosures as stated and make due note of
Circulars. Received yesterday the Bagging and Hope as per Mr
Lawrence's statement and assume the amounts correct.

Mr. Miller is here and will give him and Brown their
cotton as soon as practicable. I have planters' contracts for
nearly 800 bales and have your orders filled for 420
and hope to be able to pay up before your office does.

Mr. Smith has made an ass of himself in his opposition
to your Bureau in his charge to his friends and should be
reprimanded himself for aiding the enemy in keeping out the
free negroes from the Gov^t.

Enclosed find R. J. Galders Certificate of 11 13/16 of 12⁰⁰ worth
of wishes you to send him the Old issue for with the 50% added
to 2 1/2 of 12⁰⁰ on Monday. Also find Mr. Vogel's receipt for
sugars & coffee.

Chas. Bate of 2 1/2 of 12⁰⁰ & 3 of 12⁰⁰ for 12 1/2 of 12⁰⁰
making 17 1/2 of 12⁰⁰ repaid.

Under the 12⁰⁰ and will then send an Agent here.

Yours truly

Captain,

I have to day received yours of
19 Feb enclosing as stated bills of lading for
52 x 91 lbs Cotton to be delivered at Rio Grande
City under the McKimney Contracts for joint
account with A. Jeffries & Co.

I sent them to Maj. Burghart agent
of the Cotton Bureau at Rio Grande City.
Why you persist in sending these papers to
me at Matamoros I cannot conceive. I
have nothing to do with the Cotton until
I receive it and sending it to me instead
of the local agent at the point of delivery
is of no practical use whatever.

Very respectfully

Your circular letter of 18th reached me on yesterday - a few hours after I closed a contract with J. N. Hawley for 50 Bbl. I have told Mr. Hawley that I consider the contract good unless specifically cancelled by your order. I have several other small contracts not reduced to writing which I presume it will be proper for me to consummate dating them back to the time of the verbal arrangement. If I am wrong in this construction please advise me at once.

I have also your instructions to turn over cotton of Washington County to Messrs King & Co. which shall have my attention.

Your communication of 24th inst. is just to hand - I have long since had the western portion of the County canvassed by Mr. Allen Glenn, late County Surveyor but without success. I have secured but few contracts among the Germans, and should not have made any objection to the Agent at Alleyton overlapping me there at any time and only regret the suggestion was not made before the purchasing operations of the Bureau were suspended or rather discontinued. If I understand your circular letter right we are to purchase by the Bureau and it is admissible. Can you send me a transcript of the indebtedness of this agency for 1864 & 1865. I have it only from memory having sent you receipts which is all the data I had.

Very Respectfully Yours O. B. Sent

Your

favor of the 8th was received yesterday. I had previously, as you will see by accompanying the enclosed, conveyed the cotton received of Mr. J. J. Collins, Jan. 1st 1864. This was done because the waggoners bailed so. I by Col. Hutchins to Mr. Collins to have it applied & would only have to send Antonio. So you will see that the best we had ready for transportation is only fifty oxen. I have not seen Mr. Lawrence since the reception of your favor, & therefore cannot say whether he will loan his teams at established rates or not. But because he will. If he does there will be no causing for Mr. Bailey's teams until it can be introduced with the taking material which

I am gratified to note your intention

Dr Sir

I am in receipt of some of the 10th Inst. in which you say "the change in the Cotton Bureau" &c. — What change do you refer to? I was not aware that any had taken place — Is it the regulations, which were published in Sept. that have gone into effect?

I am extremely annoyed by seeing letters daily from Houston Merchants, stating that exemptions are of but little value, and will be entirely worthless on the 1st of May. — I have assured the planters that the Exemptions through your office, will be good to the end of the war, and the statements by these letter writers are false —

Am I right in giving this assurance? The answer I expect in response to this, will relieve me of much embarrassment.

I herewith inclose you, as per specimen, a communication such as I receive almost every day from some portion of my District

I am out of BTR. at Moscow. Can you send enough to Bal 3 or 400 Bales immediately — or I shall wait about that amt. for this County —

I am now forwarding some Cotton from Tyler Co to Beaumont, by Mr. Pooles teams, price 2cts. pr. 100 miles

I engaged some teams in Jasper, that I suppose are now on the way to Beaumont, from Jasper Co. price the same — I Mr. Forwood's teams, — very Respectfully

Dear Mr. S. Wells

Dr. Sir,

Since writing you on yesterday, I have thought it advisable to say to you that I am in some instances giving an order for settlement for part of the respective lots of Cotton Contractors for - so much only as I actually receive - I am aware that this course will impose extra labor up you, and may never have been contemplated - but the necessities of the planters are so imperative that there seems to be no other course left me - In many instances they have to sell a small portion of their cotton to procure B.R., to cover the balance

Hoping this course will meet with your approval, I am Sir

Cotton Bureau, San Francisco
Honorable July 8 1864

Maj L C Romette

Major

Having been assigned to duty in this Bureau, it is thought your services will be rendered available to the Government most beneficially for its interest by placing ~~under your~~ supervision the Counties and agents east of the Brazos River, and south of a line due east from Bogie County. A list of the agt and Districts in that section is herewith furnished. You also have orders #34 and #35 and the instructions based upon them as well as the letter & circular instructions given to the County agents. These will inform you of the duties imposed upon them and enable you to judge whether they are properly fulfilled. Genl orders #34 will govern your action when cases arise making improvement necessary and you will consider yourself as acting under that order as if your name was originally in it.

If in your judgment it is necessary to remove an agent, either for inefficiency or because he is in any way objectionable to the people of his District you will act promptly in selecting a proper name to fill his place & upon your recommendation to this office the change will be made. Any departure from instructions you will rebuke.

Any unwarranted exercise of discretion by any agent cannot be allowed. To obtain the confidence of the people it is necessary to adhere to the rules which are uniform and when properly carried out and understood, will prove I trust, acceptable to the great majority of Cotton holders.

It is presumed by a conference with their agents you
can readily ascertain the names of those who ^{have} decline to
sell their cotton to the government, which you will ~~send~~ forward
to conform in accordance with Genl. Smith's orders and
send forward to Capt. J. C. Fairchild, San Antonio or
the agent of this office at Laredo or Eagle Pass.

You will, of course observe carefully the rules laid down in the improvement law, which I am satisfied should be so executed as to least array the people against the Government, and first of all upon those who have hitherto made no sales to the Texas office, or furnished only a small portion to the Government. If the planter will make a voluntary sale in advance of improvement, they will argue the right to export a like quantity, but if he forces you to improve, give no protection for the remaining half, but let it remain subject to future similar action if necessary.

You are highly appreciated as an officer of great energy, in whose integrity, zeal & efficiency full confidence is reposed. It is expected that you will send an account of your actions as often as possible. If you

If satisfactory arrangements cannot be made to forward the unsprung cotton to San Antonio try to arrange for its transportation to the line of the R.R. for shipment to this place. Sir-

I arrived in this place this morning; immediately on my arrival I was called on by Capt. Marrison; who stated (verbally) to me that George Buckhart of this place was sending on board of the Schooner Buckhart, about fifty Bales Cotton, to be delivered in the lower bay on board of a vessel which is bound out to some foreign port. Capt. Marrison stated that he had an order from Col. A. Bates, a copy of which is herewith inclosed, commanding him to let no cotton leave this port without an Exemption from your Bureau and asked my opinion as to whether or not I thought the Cotton on the Buckhart was embraced in said order. I told him I did, and requested him to make his statement in writing, which he did, I endorsed on the back of said statement, that Genl. Smith had through the Cotton Bureau issued orders that no Cotton should leave the State without having first obtained an Exemption or permit to do so, and that I had received orders as the Agent for Matagorda County, to see that no Cotton which was on hand in said County on the 15th of July 1864 or that was grown during said year should leave the County until one half thereof should have been turned over to me as said Agent; and that I had been Officially notified that all cotton in this County had been turned over to A. King & Co together with orders to turn the same over to said King or to his order; A few hours after this correspondence I received ~~another~~ correspondence notes, copies of which I inclose

To the inquiries contained in one of those letters. (both were handed me at the same moment) I immediately replied in substance - that I had no hesitation in stating that Col. Bates orders applied to all that portion of said 60 Bales which was grown in Matagorda County or which was on hands in said County on the 15th of July last past and requested that said Cotton and all other Cotton similarly situated, should be stopped until you could be communicated with; He disregarded my communication and Col Bates orders, and permitted the berrill to proceed with the Cotton; stating however that he would advise with Col Stopps, and act in accordance with his instructions.

Now Sir - the grounds I take for advising as I did - are these, having been notified that all the Cotton which was on hands in Matagorda County on the 15th July last, had for a full and valuable consideration been contracted to R. King & Co and having received orders to immediately canvass said County and ascertain what amount of Cotton was then on hand together with orders to let none be taken from said County until the one half had been turned over to King or his Agent, there being no exception or reservation in said Contract and Orders; the Government has no right now to say that any portion of the Cotton the growth of Matagorda County, shall be disposed of or taken out in any manner whatever - or under any circumstances until a like amount has been turned over to King & Co, I think fair dealing and justice to King & Co require that Col. Bates orders should be strictly obeyed and

rigidly enforced - and recommend that Capt. Marrison
be required to obey all such orders in future.

If this case be permitted to pass unredressed the
same party M^r G. Buckhart will immediately purchase
for himself and others all the cotton which Durcon and
others have withheld from us and thereby defeat the operation
of the Bureau almost entirely - I am told that the "M^r
operandi" is this he will make a tender of half of his Lon-
-age to the Gov^t and in default of the Gov^t loading him
immediately he will fill his vessel and put off.

There is no possible chance for the Gov^t to avail
himself of the offer because it is now impossible to
Wagon over the Roads from Columbia or the Brazos
River to Matamoros at this time;

A few days since M^r G. Buckhart sent a load for
the same vessel and he has an other vessel now ready
to take a load on the same terms, so you see all
the Cotton of this County will be thus absorbed unless a stop
be put to it;

Capt King thinks that one half of this identical
cotton should be turned over to him and requests an
order to that effect.

Very Respectfully
Yours - Obedient

Thos. G. Madlam
agent

Dear Sir

Your esteemed favor of 23rd is just to hand enclosing the detail for Mr. William Chamberlain.

Allow me to assure you, Capt, that I fully appreciate the favor you have done me in accomplishing this, and you will please accept my sincere thanks for your kindness. Whenever it comes in my power to reciprocate, it will afford me the greatest pleasure.

I am compelled to call your attention to the fact, that unless some steps are taken to prevent it, I shall get but very little Cotton out of ^{Matagorda} ~~Matagorda~~ County. Mr. George Buckhut's ship from this place a few days ago 20 bales, & today 60 bales more, to go on board a schooner to run out from Lavaca. This Cotton he purchased from Planters in this County, & no portion of it has been turned over to me, under the Gov't's arrangements with me through the Cotton Bureau.

Mr. Buckhut has another vessel to load, and other parties are only standing back to await the result of the issue he is making with me, to step in, purchase Cotton here, & take it out in the same way.

I applied to Capt. Morrison, who seems to be in command here now, to detain the Cotton until the question could be understood, and

properly adjusted; but he disregards my protest,
and suffers the Cotton to leave, and, in the face of
an explicit order from his Comd^r Officer, Col. Bates,
"not to allow a bale of Cotton to be exported from
this Port, unless it is covered with Cotton Office
exemptions—"

Judge Gray, in his
instructions relative to the Law for Expatriation
by Sea & Land, states, that the Law will not
Conflict, in any manner, with any arrangement
made by the Cotton Bureau up to 1st February;
the Govt takes one half of all Cotton, and through the
Bureau this half in this County is to be turned
over to me. If parties are allowed to purchase
& load vessels without turning over any Cotton to the
Govt, with the number of vessels now in, & expected
to arrive, & freed from these Bays, the Planters
availing themselves of an opportunity to sell all their
Cotton, you can see, how I shall get scarcely anything
out of this & adjoining Counties.

Judge Markersin, your Agent is here, takes the
same view of the case, has represented it to Capt.
Marrison, but without avail, & will write you
fully on the subject—

Excuse my troubling you about this matter,
but simple justice to my own interests require
that some steps should be taken at once to
protect me—

Respectfully

Yours very truly

Dear Sir -

Enclosed please find
Two Receipts to John Goodwin for cotton
- one for Twelve Bales, the other for two Bales.
Mr. Goodwin sold two Bales for flour. is his
reason for wanting two Certificates of Exemption
- which you will enclose to him & direct to
Brazos Bottom P. O. Burleson County Tex.
Boonville. You will send them by next mail
as he has wagons waiting to take his portion
to San Antonio.

Amid statement of cotton enclosed also.
The (14) fourteen Bales of cotton I received and re-
- cepted to Milton Parker for on the 12th of this
month, during my absence, were loaded by him
& started to San Antonio. The Certificate acct. and
exemption were ^{recd} by him on Sunday the 20th inst. -
I had told Parker in plain terms, the Govt. cotton could
not be shipped to San Antonio - and why he acted
so I can't tell - though he says people told ^{him} the cotton

Purcan had gone down & the papers sent him
were our account. Parker also says his Brother
who has charge of the cotton will deliver the
Govt. half to the agent in San Antonio, if he
can use the papers - he also says if he cannot
use the exemption on the lot of cotton he sent off
he will put me up the same amount of cotton
out of this years crop. I will find out how
the matter stands with

I suppose Ignorance & bad advice caused him to do so. I have written to Capt. J. C. Twitchell at San Antonio, explaining the matter in case the cotton falls into his hands - It can be shipped to Edmonds & Bustamante at Rio Grande City.

You will Direct your next letter to me at
Brazos Bottom P. O. as I have several lots of
cotton to receive in this County before I shall
return to Mississippi.

Capt. C. L. Wells. A. 2 M.

Houston Tex. Deft. Enclosed please find report of my Cotton
operations for the week ending 23rd inst. embracing 14 B/c.

I have to report to you for impreforment ^{half of} the following lots of Cotton:

1st B. J. Sackett at his plantation 5 miles below Axford Bluff - 250 Bales.

2nd M. Straus - W. A. Sunday plantation near Sumpter 30.

3rd " " Ledbetter near Sumpter 7.

4th " " The Wagnons - Sumpter, and unknown.

5th " " M. E. Evans - 25. B. -

The owner of the 1st lot resides at San Augustine, I have communicated
with him on the subject, but he makes no reply, his agent here in charge
of the Cotton says that he has talked with the owner in reference to his
turning over half to Govt, that he gave him no instructions, that his
impression is the owner would prefer for his Cotton to be imprefed
than to surrender it voluntarily. I am today reliably
informed that efforts are being made to remove the 2nd lot of
20 B/c with the view of smuggling it out of the reach of Govt. The
same may be said of the 3rd lot, its ownership is uncertain, though
the presumption is that it belongs to Straus. It is in charge of Dr
Johnson, of Sumpter. I wrote you of this lot on 16th inst. There may
be some other lots which will have to be imprefed. I have the
promise of a considerable lot of Cotton next week.

J. Horner of Newport, Waiker Co. has several hundred bales Cotton,
has he turned any over to Govt? - M. J. of Liberty bought from
Victor Miami 9 or 10 B/c at Judge Blackshears gin near Sumpter. I
understand it is there yet. J. M. Gary of Huntville has 12 B/c at
Dishup his 6 miles below Axford Bluff. in Trinity Co. - Dr. W. J. Rain-

Axford Bluff. Smith & Co have 3 B/c at Axford Bluff. The

striking have been handed to them

I do not think that, but, few parties will com-
ply with your request, to take their cotton
with bonds & hoops for the Govt. They claim
that a failure on the part of the Cotton Bu-
reau to furnish B & Hoops is a forfeiture of the
contract and they are not bound to turn over
their cotton unless the agreement to furnish B & H
is complied with. The planters (most of them)
seem to think they can do better with cotton
unimpaired than by turning over one half to the
Govt. I will do what I can however to
induce them to let us have their cotton

Dear Mr. Wells

I have your favor of the 19th concerning exemption for 100 b/c. the May Cobble on King's Co. I will remark that I forwarded your letter to May Cobble of Dec 21st and that I have forwarded some calling executives to be given notice. The enclosed permit but believing it would not reach him before the required exemption that I would not compromise any one of the parties. I shall forward this letter with the exemption at once. I would respectfully draw to your attention the fact of a portion of this letter being in your gift and I hoped I should be going through the Bay under of Coburn Christie and that a portion of the protection offered you your permit must cover that at Brownsville or New's River. Under cover please find a receipt in my behalf for sixty two b/c and if consistent with your duties I would like you would pay in the exemption 70 seven b/c (instead of 50) covering the same of the. Major,

I am now paying to Ball, Hutchings & Co
at Bastrop, through Mr. Sherman Reynolds, the
local Agent of this Office, 100 One hundred
Bales Cotton. To prevent the delay conse-
-quent upon the routine of sending notification to
this Office, and the issue of my exemption in regular
form, I propose to file this letter with you as evidence
that the Cotton is being paid by Government.

Upon this you will please issue a permit for each
lot of Cotton as presented to you covered by a Bill
of Lading from Mr. Reynolds, showing the Cotton
described to be a portion of the 100 Bales. To
the extent of 100 Bales you will be secure. You
can notify me at any time to send you my
Official Certificate of exemption covering any
specified number of Bales already passed by you.

I do not issue the exemption in advance of
delivery as I cannot describe the lots of Cotton
as they may be shipped, and I trust you will
feel authorized to facilitate the movement
of the Cotton as suggested above.

Showing a Balance on hand rec^d of 58 Bales
a goodly portion of same will have to be
considerably repaired before shipping yet I
have a train from May Levis, who will take
45 Bales out this week - one of the above Bales
has been stolen from one from C. T. Baumgardner
warehouse - 1/2 Mils from his dwelling, it was in
bad order & could not be shipped when I shipped
the balance, but left it to repair - but behold
when I went to do so, it was minus save a
little that was scattered here & there - it was
under a shed and a good fence around the
same; ~~and~~ I hope now to be able to get some
Cotton put up, having rec^d 10 Bales Rapping
& 12 Coils rope from Capt Twitchell & 15 Bales & 60
Bundles Iron ties from May Levis - Enough I suppose
for about 200 Bales - over

I made my report to you 1st inst of the
Conscript &c. calling Cotton, of which I
have not heard a word in regard to my
own position. I would like to know if I am
exempt, under the order by being an agent
of the CB. I also stated that Osgood
had failed to be of any use to me - and
he stands exempted by you, of which you
can notify him that he can report to
you or somebody else, I have no use for
him - he is a pretty good scheming
quack, yet I don't think he is making
very much, he has been working for
himself for sometime & not for the
government, he has converted money that I
gave him to pay on a contract for Maj. Pease
of Austin - to his own purposes - so I
shall not have anything more to do with
him -

Dear Sir.

Your favor was recd here last night. in reference to the Contract for transporting the Cotton down Sabine. - You will see that Capt Wells materially changes the propositions that were passing between us. Besides I am informed, by reliable Authority, that over one hundred Bales of the Cotton is in a condition that it cannot be moved, until it is repacked -

I am therefore unwilling at present, to accept the proposition as made by Capt. Wells - I am of opinion from what I am informed that a large amount of the Cotton will have to be repacked before it can be transported.

If you desire to address me by letter you will please write to this place.

I received your letter yesterday from Port Luceau
where I had gone to wait the schooner ~~bound~~ with
Cotton. I found however she was not ready to load

I left her & went to load her as soon as she was ready
She can only take some eighty Bales of our compressed
cotton, her destination is Balise Honduras.

As I intended I saw nothing Cotton at Luceau
for the 8th I did wait & could load her at any
thing that she is ready. It being too late
yet to land the parcel now has to be left or
been complete, that is to say that I will give him
no possible chance to complain of delay my Cotton
will be ready before him. She can only take say 803
and hundred & seventy three Bales. The remainder
will take 35 thirty going.

Enclosed you will please find 10 Bales from Ball Brothers
which are with me now in Luceau. I do not after
all the consideration of the difficulty feel willing to
place Cotton in I believe she will in fact without a barge
as she is nearly broken in too, now, the wind enough to take
such action in the matter as you shall see fit. I cannot
without obtaining Cotton from other sources load another
parcel. I am one of Bagging & Hope for the Lords Saturday

if Coffin had employed Cts they would
have them on their reports of persons & articles
on extra duty. Well, I cannot take J. H. Harrison
on my papers only for the time I have been on duty
in the West. ^{for the reason} J. H. Cross is detailed but in your
transfers you do not state how much pay is due
him. If you cannot give me the information
needed for this you please refer this ~~my~~ former
letter to the proper source from where it can
be obtained. I cannot make up my papers
until I am advised what the rates of pay are.
I see nothing in the Regulations that justify
me in paying a percentage to Cts, for cotton box
by them. I hope that you can get this matter solved,
as it is a source of no little irritation & annoyance
to this office. In what way are the expenses to be
paid of these Cts & where is the money to come from.
Major Baughman thought Capt J. H. Harrison was on
it and that his papers but does not know positively.
Some rates of pay ought to be established as these Cts cannot
work for nothing & pay their own expenses.

When at Port Louis I learned that there was
a large lot of Bagging & Rope at Laramie that belonged
to your Regt. Also another lot of Bagging at Laramie
& I needed it very much indeed. In fact I will
be at least (\$500) two hundred & fifty Bales if I cannot
get B & Rope. I hold the Bill of Sale for this amount
at least & if I cannot get B & Rope before the New Regulations,
go into effect, will be lost to the Bureau; most of these parties
are very anxious for the contract to be complied with, and
Canada compels me to say that it is due to them that the
contract should be carried out in good faith hoping you
can relieve me

Dear Sir

The rope turned over to me by Mr. Cannon. Agent at this point, proved to be almost rotten. of which fact I notified yourself and Mr. Cooke your Agt. In the certified account I am charged with 240 lbs rope. @ 60 cts. In packing, there was of necessity, from its rottenness much of the rope wasted, two thirds of the rope with which the cotton was tied, belonged to me individually. I returned about 136 lbs of the damaged rope, and expected an equal number of the good rope in return, as I have used my own rope for the boat. without having a pound of Govt. rope to use for myself. If I am entitled to any rope, and I think fully so, I hope you will let me have it. or give me an order on Mr. Cooke,

With Great Respect Capt.

I think your Circular

the purpose, provided local agents
display a little energy, and improve
with connections, the advantages thus
tendered to the vendors - but to avoid
to disguise the fact from ourselves that,
the new regulations have set matters
considerably wrong, & the men are
endeavoring to convince people of the advantage
of the old plan over the new, the more
worse disposed they seem to be to suspect
some deception, or secret advantage.

letter to Capt M. C. C. the Enrolling Officer.

I return you your due bill to C. Luck, he retaining
the Certified Account. Mr L. insists that in as much, as
he sold all his Cotton to the Govt. & delivered Middling Cotton in
first rate order. And that he did not understand at the time
he sold, that he could have obtained B & R. that I ought to
allow him to receive at least a sufficient quantity to bale
the five Bales, deducting its value from his ap. I am complac-
ent with my promise to him by submitting the matter to you.

Since it has been generally understood among holders of
Cotton, that a change will soon take place, many persons who
have sold the Govt one half their Cotton, show a disposition to avoid,
if possible, the delivery of it. And I am well satisfied that
I will be unable to procure more than 200 or 250 Bales more
at the outside. Their anxiety for B & R. has nearly ceased,
and numerous excuses made to show that the cotton will
not be ready for delivery, for a considerable length of
time.

Mr Tuttle filed his order with me for cotton amounting
in value at schedule rates to \$7712⁹⁹, and the cotton will
be delivered as directed, as fast as it is rec^d by me.

I forward to Mr D. D. League to your care the draft

John P. Hale Esqr

U. S. Agent Livingston

Sir

Yours in regard to the Government Cotton record by me as "Tax in Kind" is at hand and its contents duly noted. Upon the receipt of Captain Hale's order that all cotton should be delivered in twenty days from date & that this agency had to be closed on the 20th of August last - I posted said order in the most public place with my notice to planters that said order should be carried out; there was then a wish to deliver the due to the Government by planters. I had no warehouse or yard to receive the cotton in that it would be protected from the weather or depredations of the stock; neither did I have the power to impress such amount of labor as was necessary to repair one or two old houses that was in this place. I applied to several parties who said they were too busy to spare their negroes, and I received the cotton as it came in putting all I could in Dr Baker's stone house the only house that would bear the weight of any amount of cotton, the balance was received by me in the public square where it remained until all the cotton was received & this office closed. I immediately applied to the planters of this neighborhood who sent me their negroes and I had the house of C. McConnetts piled up new blocks so put under it & stored the remainder of the cotton with the exception of eight bales which I had placed under the shed in front of Dr Baker's house where it was secure from the weather and stock until a squad of soldiers passed through who entered the storehouse of Dr D. cut the ropes entirely off these bales & cut the ropes off some six or eight bales in front of the storehouse, the cotton was all marked C.S. but did not protect it they carried part of the ropes away with them & part they left cut on the bales. The amount of

of damaged done by the stock is some little but no more
than I could prevent & I assure you that all of the care
& diligence in protecting the same was rendered by me & I
respectfully call for proof of my neglect & respectfully call your
attention to the certificate accompanying this statement.

Mr Baldern has gone up to Ellington today

I hope you will get the new from 'Shrewsbury'-
to return to H. G. Webb, as I fear he is highly
spoken of everywhere. I have a few moments
conversations with May 'Shropshire' as he
returns for Austin; he does not mention
them any thing about two other individuals
against Mr. Bullock & myself, but he
informs you of they are of the same
tenor as the one in which we were
accused? Let me know all 'Shropshire'
said about it, or I shall write to him
for particulars.

Dear Sir,

I have just arrived, & learned through Mr. Crompton in a letter from Col. Austin of Houston that it is advisable for un-acclimated persons to stay away as some such, have returned & have died with the fever -

I am anxious to do what is right, and will do so; you know best in my case what I ought to do. I am exceedingly weak & may run too much risk to go tomorrow & ask your advice by tomorrow mail.

Please send me (\$50) fifty dollars in Confederate money - when I receive

I am strapped right down hard -

I await your reply & note due respect & good wishes for you & all. I am

Maestro

Dear Sir: I have just arrived and seen Capt. Twichell. He has rec'd your letter which I sent by mail, but as I expected, declines acting on it without an order from Col. Broadwell, stating that to fill your requisition would take about a third of his collar, and that he has instructions from Col. B. appropriating all in his hands to other parties, Mulino, Morehead &c &c. I remarked that of course he could not appropriate to others collar already pledged to us, King & Co, which had come into his hands accidentally, & by your error in not directing the only Agents to reclaim or forward it for our acct: but he would not yield, saying that part of this collar had already gone forward to Mr Perkins & that he could not trace or identify it: but that he was perfectly willing to obey any order of Col. Broadwell's, which might protect him.

May I beg you, therefore, to advise Col. Broadwell of this whole affair, as I have already done, and desire his specific instructions to yourself & Capt Twichell & Mr Perkins. We claim of course the amount of collar taken from Christ & Wharton Canals, and think it only right that either Mr Twichell or Mr Perkins, who received it, shall return it in kind or amount. I hope you will write so that Col. B. may act promptly.

I return by the next stage to Maestro

Yours truly

Wm. G. Hale

I have the pleasure to acknowledge the receipt of your favor of the 30th Sept with enclosure and to say, I have not as yet heard from Mr C. A. Merriam on the schooner "Stringray". I hope the next steamer from Tampico will bring me news of her safe arrival at that port.

A. L. M. Bount { for -

Some time since you wrote me that - you were negotiating an arrangement for the payment of agents subordinate to you in cotton at Bureau prices on the basis of twenty cents per bale for all cotton purchased received and forwarded by them. If this arrangement is effected I will thank you for an order authorizing me to appropriate cotton enough to pay me to the end of November which my report will show.

My wants are almost imperative and directly connected with the service. If the above arrangement is not effected will you please inform me on what basis I am to be paid, and whether it is possible to procure some pay funds.

In answer to yours of the
28th ult. relation to Messrs Hitchcock & Co
Cotton, I have only to say, that said
cotton has never been unpacked or
bought, but upon the contrary, Hall
has stubbornly refused to sell upon two
applications by Col Miller, the local
agt. first on Aug. 2nd was applied to
said he had sold to Messrs A & Co - was
requested to notify them that the Govt
desired half - was applied to Oct 31st -
still refused - Messrs A & Co knew
very well they had said cotton, knew
also, that an agt. was in that Co & that
the Govt. required $\frac{1}{2}$, but like a great
many others, held back to see if some
thing better would not turn up, now
they observe that a good thing has passed
like a snipe & are catching at straws

I have never spoken to Mr. Hall,
thru agt., upon the subject - He was

reported to me on the 7th Nov by the agt. I
should have taken the cotton but for the charge

They have about 100 bales in my bad
order, should be rebaled - So you can say
to. Mr. Bales that their agt made a false
report to them

Respectfully &c

Capt. C. C. Wells

Dear Sir, Yours enclosing order from Mr. Wiggs for 20 B. Cotton is recd. I will send the cotton to Melican as directed as soon as I can get teams to haul it

Rustamante & Cammas positively refuse to furnish me with any more BTR. The gins are all idle. The want of BTR, has been a great obstacle in the way of getting cotton for Govt. I commenced buying cotton about first of July & there are several Planters who have never met a good for I never have had enough at no one time to go half round. It is the height of nonsense for Govt. to urge agts. to buy rapidly & c. unless they would furnish BTR. I have lost over 500 Bales by not having BTR. what is the use to buy cotton & then let it remain in pens for six months & not for want of BTR. To put it up. If I had been furnished with the means to purchase BTR, as our leading agts. were I could have had every Bale of cotton in my Dist. put up & shipped to market long ago. It is very strange that Maj. Russe Col. Broadwell Maj. Willie & Rustamante & Cammas can't understand each other. This thing should not be—

Planters in my Dist. are all gone crazy since the rise in cotton. Some nine or ten who had large lots of cotton refused to sell & I reported their names to Maj. Davis for improvement but the Maj. said he could not come down & referred me to the Enrolling Officer & that Officer was without orders & so

The whole fuss about Imprehment this was
in smoke & Gen. Smith's Order is a

Blank. Since the fact that cotton
would not be imprehed has become
known - every thing has gone wild
all are now sending their cotton
out & some selling here to Speculators
a great many of those who had sold
to me for Govt are selling again
& running it to the Rio Grande, P. Cheek
says he intends carrying his direct
to Mexico & not turn over a bale here
nor there, as a good many others have
done it he says he can also. S. P. Cox
gave me his Bill of Sale for 100 Bales & says
he will not let Govt have a pound
& is now hauling it off Benson Barton
& a good many others from whom I
purchased are doing the same thing.
They all say that if Govt lets their
neighbour do as he pleases they intend
to do as they please. So a Sale now
amounts to absolutely nothing
I have quit taking a Bill of Sale
unless the Planter really desires it
for it simply amounts to nothing
Just as Imprehment would have stopped
it all & power given to the Enrolling
Officer to have stopped it in my Dist.

If I had B & R, I will get from a few
honorable Patriotic Men some 200 or 400
Bales more but would have got
1000 if the Order could have been
enforced. It is hard for a few good
Men to bear the burdens & the heartless
Speculator go unpunished. An order
ought not to be issued merely to threaten
it ought to be enforced or never published.
Because the people will soon be so they will pay
no more attention to an order than to the crowing
of a cock.

Since writing I have just rec^d yours of
23rd 4th 21 inst. enclosing circular & I
am like you it is strange that planters
don't avail themselves of the present plan
of the Bureau as it is infinitely better
for them than the New orders issued of
Judge Gray. — The Party from whom
I thought I could obtain a little
lot of cotton has taken it out &
it will be doubtful if I get any without
paying ten or twelve cents unexp^{mt} here
So I mean it will suit me better to
take the "Actual" cotton — I have selected
Seven Bales which the Gov^t has at the
Estate of J. W. Ferguson it is Middling
cotton & at 12 $\frac{1}{2}$ ¢ @ 35-38 lb. which they will
put in Seven Bales just makes the amount
it is convenient for me & as they were packing
I have the amount put in 7 Bales. I have signed
as you requested N^o 38. you will now
send me an exemption for these Seven
Bales as I understand it

✓ Texas R.R. # 2206. L. Am. P. M. C. - 40.

Bustamente & Edmunds also refuse to
Receive any thing below a strict grade
of Good Ordinary Cotton. - What shall
I do with the Ordinary Cotton
that may accumulate on my hand
from this fact. You will not certainly
consent for him to select all
the finer grades of cotton & throw
off all Ordinary on the Bureau
of Ordinary Cotton is merchantable
& he should take with the other or
take none -

Letter from Col Broadwell - that
seems to instruct the agents to
new purchasing &c

La Grange Texas
Dec. 12th 1864

Capt.

I have just received an order from Col. Broadwell, dated Shreveport Nov. 19th 1864, which seems to contemplate the continuation of Cotton purchases. He says: "The plans of the Bureau are so much more advantageous that it is presumed every man within your district, as soon as informed, will avail himself of the privilege of obtaining a permit by selling you one half his cotton. We have but no day to acquire cotton for the payment of our debts, and create a fund for future supplies, and it is expected with these advantages that you will purchase a large quantity, at all events; you will acquire all from whom you have purchased to carry out their engagements in good faith, or comply with your instructions in regard to impressments immediately."

This would seem to conflict with your order to your local agents to make no more contracts.

Please inform me whether you have received a similar order to mine. If will you instruct your local agents to resume purchases again, as they have ceased under your last order?

It is, at any rate, important that
 the local agents, in my district, should
 be at once, instructed to report ^{to me} with-
 out delay, such planters as refuse
 to comply with their engagements,
 and imprisonment may be enforced.
 Will you give such instructions?
 Please reply, by first mail, to the
 above interrogatories as they reach
 me. Very respectfully

Liberty, Nov 29th 1864

I have not seen Fel. Robinson
your Agent. but from all I hear he is not
likely to do any more business except wind up
what has been done - My contract was made
in your Office and soon time since - nearly
60 days ago - Benny was gone to Mobile, but
returned while Robinson was in Jasper - and
before Robinson went to see him had gone again -
My part of the cotton was sent me, and
I wrote Benny to let Robinson have 20 Bales
and that he need not haul that but to
deliver it there to Col. Robinson - Now, this
is a part of his unfinished business - And
if I can get Bethell to haul it here I will
do so with pleasure, but I am fearful from
what I learn from Morrison that they
will not - but will see Bethell myself as he
will be here to see me very soon on matters
of trade &c - If he wont haul, I will write
McDaniel to deliver it to Robinson &
he must get it hauled - And if no
one can deliver it I will give you

other cotton, but don't want to do so, if that
 can be delivered to Robinson. And I feel sure it
 can be

Capt.

I have five bales of cotton, and only five. With these I desire to purchase family supplies for next year. Is it possible for me to obtain from the Bureau an exemption for the five bales, without selling part to the Government?

This is my only available means, and my family are really in need of the supplies. You are aware that my pay as a Confederate Officer will not support me, and I have uniformly avoided all speculation and money making in any way; and it is difficult to make my family comfortable. I know that the Bureau pays its agents, in some instances, in cotton, whilst I, similarly employed, have to depend on my Confederate pay. I therefore think that it

would not be an excess of lib-
erality to grant me the exemp-
tion, which costs the Government
nothing. If it is not totally in-
consistent with your duty, I
hope the Bureau will grant me
this, the only favor which I
have asked. Please write me
at your earliest convenience,
and, if possible, grant me the
exemption. I am, Cap Vain,

This was during the time that I absented

I regret exceedingly this matter. Had Mr Banks

I would have hunted it up for him - but
having nothing but his letter and both agents
disavowing all knowledge of the cotton I
was powerless to act in the premises
The discrepancy in number of Bales is
hard to explain - The Books show 19 Bales

In reply to your letter
of 30th inst. relative to two bales cotton belonging
to J. G. Banks - I have to state that I received
a letter from J. G. Banks - dated Chappell Hill
Nov 1st. in which he advised me that he had
sent me 12 Bales Cotton and requested
permits etc. at the earliest possible time
as his wagon would start next day etc
I immediately applied to the Station agent here
who informed me that no such cotton had
arrived - I then applied to E. M. Chappell
Agent on the W & A R. who informed me that
no such cotton had been brought down by him
but that probably it was overlooked and he
would enquire about it - I then wrote Mr
Banks & Mr Ben Jones Brenham that his
cotton had not come to hand and that I
would give his request prompt attention
when the cotton reached here
Afterward it occurred to me that the cotton
might be lying at Brenham and I wrote
Ben Jones enquiring about it - he replied
that no such cotton was there
Mr Chappell in order to be certain about it has
entered an enquiry on his way bill to day for
the Agent at C Hill & also at Brenham.
If any news of it reaches me I will have it
forwarded for Mr Banks account

Very Respectfully

Capt. C. G. Wells,

Houston.

Dear Sir,

Yours of the 18th & 24th ult. were received
and this morning on the letter of the 18th you intended
me to ship to San Antonio or Houston. This on the 24th I am
ordered to send all to Kansas & Brown. Mellican for shipment
to Houston (as it taken by Edwards & Co.) Edwards & Co.
have transportation coming sufficient to handle all that is
now ready in Kansas & Co. which I suppose you intend
for me to deliver to them & the balance as soon as ready
I will send to Mellican, if I can get it hauled I think
it will be difficult to get teams as all the Platters are busy
with their crops & will be the balance of the year I will do the
best I can. J. C. Stone the agt. at Fairfield, Houston Co
has 1320 lbs. of Rope & 40 rolls of baling cord in the
hands of Prof. H. Arnold which I think you had best
give me an ^{order} for as I have not near baling & rope
enough & he will probably not send for it as it has
been here some length of time. Such as cannot be
supplied with rope & baling I will instruct to get them
settled up with boards & hoops. Though I feel satisfied
they will not do it as they sold their cotton overdone
(I think)

account of getting rope & baling, than money.

I fear I shall have some difficulty in moving cotton now
where it has been delivered to me & receipted for, as some
parties have already told me they would not allow the
cotton moved until they get their Permit of Exportation
that they seem to think it a great trouble to go to San
Antonio or Clinton. For such cases what shall I do?

Enclosed find statement of cotton received from J.
Batts & J. Karrison. J. Batts sold me 75 bales and
has delivered me 33, the half of which he has ginned and
says he can't gin any more as the boiler of his engine
has blown off rendering it impossible to comply with
his contract. J. V. Walker, who sold me 40 bales, says
he cannot deliver me any cotton as he was dependent
upon the same boiler. They both say it is impossible
to comply with their contracts not being able to have their
cotton to other gins. I receipted to Batts & Karrison for
the cotton though ^{you had} deferred sending them certified accts.
until I send you their Receipts for Rope & Baling.
Enclosed is Dr. J. Dealle's receipt for rope & baling.
In some cases it requires more than 6 lbs. rope to the
bale, as some of the rope is large. If you conclude to let me
have the baling rope for some contract I will allow so
they can distribute it as I will not be here to attend to it.
as you will get cotton by doing so Yours very truly
and all all you can want J. C. Karrison

Thanks that will
be much to attend to as they

Dr. Sir—

Enclosed please find Receipt to Mrs. S. E. Hardy for (5) Five bales of cotton which complete her Contract— also statement of cotton + her receipt for baling + rope. You will enclose Certificates of exemption + ack. and send same to Mrs. S. E. Hardy, Millican. Mrs. Hardy positively refuses to let me take away the cotton until the Certificates of exemption are exchanged for Permits of Exportation— Says she may have an opportunity of sending the exemption to San Antonio or Clinton, to be exchanged though will not allow the cotton moved until she receives the Permit. Mrs. Aldridge says I may take the cotton bought of her provided I will become personally responsible for the payment of the cotton when the funds are received— This I will do if you will authorize me to that effect. Others may make objections similar to those stated and if any plan can be adopted to remove such difficulties it should be done. If I will obligate myself to have the Exemptions exchanged for Permits between this + the 1st of February, provided the Parties have not the opportunity of doing so, I think they will let the cotton be moved. I state these difficulties in order that you

may know what I have to contend with, hoping you may be able to suggest some remedy more suitable than the plan I have spoken of.

I have received of A. Jeffries, agt. of Edmunds & Co. for 3
- Union Co. about 1700 lbs. of rope & 1600 yds. of baling which
being used in putting up cotton purchased by me in
Burlington Co. They were anxious to have the cotton put
~~it was ready to ship as early as possible and~~
I hadn't a sufficient supply. I received their rope & baling
& receipts to their agt. for the same. They have more rope
& baling coming for the same purpose. It may be in the
County now. I suppose I did right under the circumstances.
They have transportation on hand & engaged, I think,
sufficient to haul all the cotton from that County so
soon as it is ready. Shall I let them ^{have} the cotton un-
- der the circumstances, or not. By getting rope & baling of
them I secured more cotton, as many were unwilling to
wait any longer & would not have complied with their
contracts. - some will not as it is. I have not a single
team under my control & don't where I can get any. These
Planters will not get through ^{with} ^{coops} ~~with~~ them before the end of the
year & besides, have but few wagons & teams. If you can send
me detailed teams I can have the cotton brought home &
without think it doubtful, but will do all I can. I have
written you at length to explain the true condition of things.
Please answer soon - yours very truly D. L. Furber agt.
